

# Michigan Envirothon State Competition

## Suggested Student Packing List

Keeping warm and dry is important. We will be outdoors for most of the time during your stay and we try to keep the weather from dictating our schedule. Spring in Michigan can sometimes feel like winter. Bring outerwear that you know will keep you comfortable for extended periods of time outside. Be prepared for cool temperatures or rain. All clothing should be warm, clean, comfortable and marked with student's name. Dressing in layers is always a good idea.
